

Public Notice for Allocation of Solar Water Pumping Systems - Phase-II (FY 2025–26) under PM-KUSUM Scheme (Component-B)

Applications for installation of **Solar Water Pumping Systems** under **Phase-II of FY 2025–26** were invited through the **SARAL Haryana portal of NIC** from **25.12.2025 to 29.12.2025** from **General and DISCOM applicants** under **Component-B of the PM-KUSUM Scheme**.

The Department has examined all applications received and finalized the **allocation list**, **error list**, and **waiting list** strictly in accordance with the scheme guidelines. The consolidated status is as under:

Sr. No.	Parameters	Values
1	Total No. of Payment Received In Bank	27,973
2	VPF not matched	114
3	Duplicate VPF/ Multiple Payments against same VPF	430
4	Payment matched with SARAL IDs	27,429
6	Less payments	76
7	Total Error List (Sr.2+Sr.No.3+ Sr.6)	620
8	Existing order to EA	280
9	Tentative considerable list for work orders	27,073
10	Entries with Family Income 0 or null	554
11	Beneficiaries taken from previous waiting lists	151
11	Waiting List/Excess applications (Applicants having higher family income based on their verified annual income as per Parivaar Pehchaan Patra (PPP) and land holding by keeping initial budget allocation in notice)	18,620
12	Number of applicants considered for allocation of work orders	8,050

Priority to Applicants from Previous Waiting List

As per the earlier Public Notice, **1,197 applicants** from the waiting list of the previous application round were to be given priority in the next allocation. Accordingly, these applicants were accorded priority in the present Phase and were provided with the following options:

1. Selection of a new category of solar pump
2. Waiting for replacement of the same category in case of cancellation of any previously allocated pump
3. Opting for refund

On verification of records, it was observed that **Family IDs or Member IDs of 991 applicants** out of the above 1,197 applicants had already been allocated solar water pumping systems under replacement categories against non-feasible cases of previous work orders. Accordingly, **only 206 applicants** were found eligible for fresh consideration in the current Phase.

Out of these 206 eligible applicants, **151 applicants** opted for selection of a new category and vendor, and have been included in the allocation list. Waiting list and duplicate family ID list is at **Annexure-D**.

Error List of Current Application process:

A total of **1,454 applicants** have been placed in the **Error List (Annexure-B)** due to various discrepancies, including but not limited to:

- Multiple payments under the same Family ID
- Duplicate Virtual Accounts
- Unmatched Virtual Accounts with SARAL IDs
- Entries with Family Income “0” or “Null”
- Duplicate Family IDs

Further, as per available records, **280 applicants** out of these 1,454 applicants appear to have Family IDs or Member IDs against which solar water pumping systems have already been allocated under previous work orders. Therefore, these applications have also been retained in the error list.

All applicants included in **Annexure-B** are requested to submit relevant supporting documents to the **respective ADC-cum-CPO-NRE of their district within 15 days** from the date of issue of this notice. This is required for rectification of discrepancies so that these applications may be considered for allocation in replacement cases or inclusion in the waiting list, as applicable.

Waiting List of current application process:

A total of **18,620 applications** (Annexure-C) have been placed on the **Waiting List** due to higher verified annual family income as per **PPP data received from the SARAL portal**, keeping in view the **NABARD/MNRE sanctioned targets and budget allocation**.

Applicants on the waiting list may exercise any one of the following options:

- a) Opt for **refund of the beneficiary share**
- b) Choose to **remain on the waiting list** for possible allocation against sites cancelled due to non-feasibility or other reasons, as a replacement in the same vendor category, subject to availability
- c) Opt to **wait for the next Financial Year 2026-27**, in which case their applications may be considered against targets of the next FY as per prevailing norms.

Allocation Details for Current Application process:

As mentioned above, **151 applicants** from previous waiting list who have applied for new category solar pump have been included in the allocation list. For the remaining applicants, priority was given to families having **lower verified annual income** as per **Parivaar Pehchaan Patra (PPP)** data received through the SARAL portal.

Accordingly, **8,050 Solar Water Pumping Systems** of various capacities have been **provisionally allocated**, details of which are provided in **Annexure-A**.

General Conditions and instructions:

- The allocation of **8,050 Solar Water Pumping Systems** is **purely provisional** and subject to revision on account of data updation or correction by **CRID and/or the SARAL Portal**.
- While preparing the above-mentioned lists, some inadvertent errors may have occurred due to the large volume and complexity of data, including family income particulars, vendor selection, and payment details. Accordingly, an opportunity is hereby given to farmers to submit their representation, if any, **within 15 days** from the date of publication of this notice, along with relevant supporting documents, either to this office or to the office of **the concerned Additional Deputy Commissioner (ADC)**, for examination and necessary corrective action.

This is for information and the necessary action of all concerned, please.
